

DS-C
Rice Optical Sorter.

**Designed to meet
domestic and
export quality
standards.**

DS-C

The all-in-one rice sorting solution.

Validated for reliability by Bühler SORTEX® London.

Design validated by Bühler SORTEX® experts and backed by a five year ejector warranty*.

Engineered using Design for Reliability (DfR) methodology to provide many years of reliability and stable performance.

Flexibility to meet both domestic and export quality standards.

Maximize revenue streams and turnover with the ability to tailor the sort to suit the required standards.

Protect your brand and reduce risks of financial penalties and product returns.

Delivers cleanest product, concentrated reject and highest bagging capacity despite fluctuating raw material contamination levels.

Help Bühler in the fight against climate change.

A reduction in wasted product, energy and air consumption help to reduce the impact on the environment that is leading to climate change.

Examples of rice varieties sorted and defects/foreign material removed

Long Grain
