

# Twin Shaft Mixer

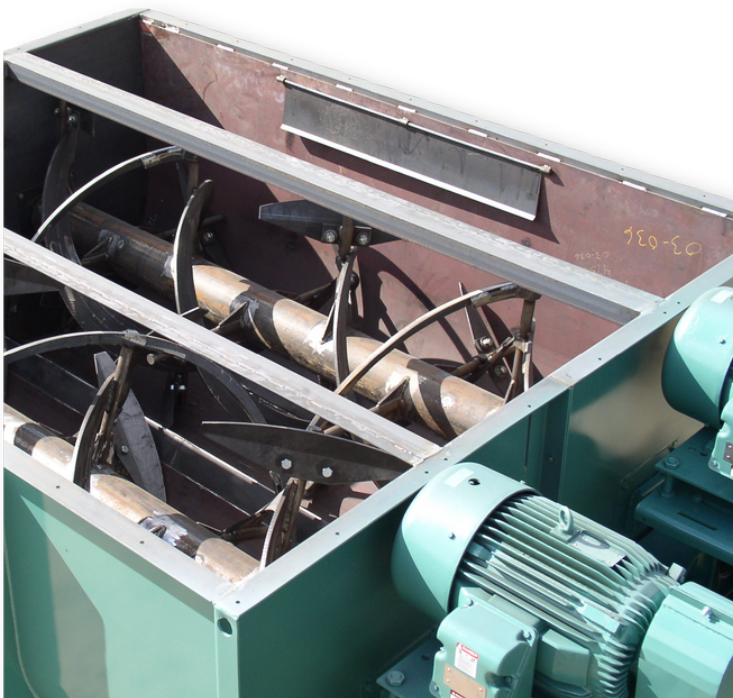

## TWIN SHAFT HORIZONTAL BATCH MIXERS

The Twin Shaft Mixer offers counter-rotating ribbon and paddle agitators to produce a balanced, homogenous mixture of material within the mixer. The combination of paddle and ribbon flighting mounted on the twin agitator offers unsurpassed mixing efficiency.

### Twin Shaft Mixer Features:

- Adjustable paddles for flexibility to mix a wide variety of materials efficiently
- Sanitary design features with special shaft seals available
- Cycle times as low as 2-3 minutes
- Low-profile design for ease of installation into existing facilities
- Better repeatability from batch to batch
- 10-year Warranty on the main shaft

### Agitator Designs

**Ribbon/Ribbon**

**Paddle/Ribbon**

**Paddle/Paddle**
