Weber weSORT 3000: compact belt separator for up to six packing lanes.

With the very compact Weber weSORT 3000 belt converger, up to six packing lanes can be merged onto one track. Decisive added value results in particular in a line combination with other Weber components: the controller of the weSORT is integrated into the Weber wePACK packaging machine, which does not only result in cost savings by dispensing with additional controller hardware, but also enables recipe changes to be made together with the wePACK. Reduction of changeover times as well as the elimination of error sources when changing recipes are the result. Separate rockers can optionally be added to eject individual empty packs.

Advantages

- Easy adaptation to different line widths
- In-deep mechanical integration with the wePACK packaging machine to reduce line length
- Short set-up times thanks to tool-free change of format parts
- Optional: ejection of individual bad packs

Weber means: service across the board.

Weber Academy.

Maximize line performance through professional training courses.

At the Weber Headquarter in Breidenbach, Germany, we have our own training center, the Weber Academy. Being a provider of complete line solutions, we offer training courses for your Weber Line, tailored precisely to your needs. In doing so, our focus is always on increasing efficiency and optimizing profit in your company.

Weber Guardian.

A safe plan for your production.

Only those who listen can understand. And those who understand can act. With our Weber Guardian program, we harmonize people, machines, and processes to get the most out of production. From preventive maintenance and inspection through targeted personnel development to production support and optimization.

Weber Portal.

Networked thinking, handling together.

You will find everything about your Weber equipment bundled in your personal Weber Portal. Compact, individual and interactive. From your customer profile and that of your machines to e-learning on your setup as well as convenient spare parts ordering and service offers. Are you already registered?
